Technology and Financial Inclusion
for Sustainable Development

July 15th- 28th, 2020

DREaM International Summer Program 2020 will highlight the theme "Technology and Financial Inclusion for Sustainable Development", emphasizing on the significant change that happens since the Industrial Revolution 4.0, particularly on technology and finance. These two life aspects could be disastrous if they only benefit certain part of the society. Hence, during the two-week program, the participants will be given wider perspectives and direct examples on how the enhancement of the technology and finance could be the catalyst of the sustainable development by maintaining inclusivity among society.
